# AUGUST WILL BE A MONTH OF ACTIVE CLEARING OF STOCKS

These are days when a little money can buy a lot of goods. August is a month when practically every kind of goods we sell may be bought at far below its regular price. It is the time when the spending of money means the saving of money.

While our heaviest reductions are undoubtedly made on summer goods, yet there are many varieties of merchandise good all the year round, which everybody will have to buy in a month or two which can now be bought at a very great savings.

Don't miss these opportunities, because it means an actual loss of money to those who fail to buy now the goods they must have later on. Many things not advertised are placed in table lots and have their prices lowered for quick selling.

## Your Corset and Its Unseen Values

Do you select your corset for its own appearance or for the effect that it will have upon your figure?

If for the former reason, you will not always get the service that you expect, but if you want a corset that will fit you comfortably, shape in lines of fashion and still be serving you long after the ordinary corset would have gone to pieces, we recommend that you make your selection from Warner's Rust-Proof and Red Fern corsets, soft, strong fabrics; thin, double Rust proof boning; double interlining, highest grade workmanship and design that enables them to withstand the hardest strain of wearing. Warner's Rust-Proof Corsets are superior in many respects to other popular priced Corsets.

Customers who have once worn a Warner's always demand it in the future. We recommend them to our customers.

### Y. W. C. A. Home Opened.

The new home of the Young Woman's Christian Association on West Main street was formally opened Monday evening. At least 200 persons visited the building during the evening and were shown through all the rooms by members of a committee for this purpose.

The rooms were beautifully decorated with white and pink roses and gladiolae, furnished by the Hayman

Greenhouse Company and Dudley and Company.

An excellent program of music was rendered by Gregory's First Regiment band. A Victrola loaned by Davis, Burkham and Tyler also furnished music. Refreshments were served at a seasonable hour.

As the visitors arrived at the building they were met at the door by the reception committee, and then conducted through the eight rooms. On the first floor are the library, the reading room, the dining room and kitchen. Nearly 2,000 volumes of the best reading matter are found in the library, in addition to numerous monthly magazines and daily newspapers. The reading room is equipped with racks and tables.

On the second floor are the parlor, the rest room and the class rooms. All are nicely furnished, and are large and airy.

Classes in domestic science, dressmaking, English, arithmetic, Bible study, embroidery and nursing, in charge of competent teachers, will soon be formed. The dining room will be opened in a few days and meals will be served young women at cost.

Vesper service, followed by an acquainting half hour, will be held in the home every Sunday afternoon. All young women strangers in the city are urged to call at the association home and receive information.

The building is open at all times to the members of the association. It is now open to the public from 3 to 10 p. m. and after September 1 will be open at all times.

The chairman of the various committees are: Board and room, Mrs. John Stewart; employment bureau, Mrs. L. J. McGee; travelers' aid, Mrs. T. S. Wade; social, Miss Bertha Bland. They urge any young woman needing assistance in any way to call at the new headquarters.
